AND THE
TREASURER'S AND SURGEONS' REPORT
TO THE END OF THE YEAR 1870.

L O N D O N.
PRINTED BY GEO. WITT, EARL'S COURT,
LEICESTER SQUARE.

The Secretary attends at the Hospital to receive Subscriptions, &c., daily, between the hours of 12 and 3, and will be obliged for the correction of any errors or omissions in the Address of the Subscribers.

This Hospital set the example in London, in 1816, of receiving the Poor on their own application, without Letters of Recommendation; and those in the Country, REQUIRING OPERATION, will be received after a previous application by the Clergyman, or other duly constituted authorities of the place, to the Secretary; enquiry should likewise be made as to their being a vacancy in the Hospital before the Patient is sent; and any Lady or Gentleman sending a Patient for admission from the Country, is requested to transmit to the Secretary money for the Patient's carriage home, and also for washing expenses.

The Hospital is open daily for the Admission of In-Patients, and Advice for Out-Patients, from half-past 12 o'clock until half-past one o'clock.

Public inspection is invited at all reasonable hours, the Wards being perfectly clean, and in good order.

GEORGE C. FARRANT, Secretary.

Donations of Old Linen, such as Table Cloths, Napkins, &c., will be thankfully received, these articles being invaluable, and greatly needed in operations.

REPORT OF THE COMMITTEE.

THE Committee of Management in presenting to the Governors and Subscribers the Fifty-fourth Annual Report of the Royal Westminster Ophthalmic Hospital, have much pleasure in expressing their sincere thanks for the liberal support given to the Charity during the past year.

Since the foundation of the Institution in the year 1816, to the 1st of January, 1871, 226,468 persons have availed themselves of its benefits; of these 4254 have been operated upon for Cataract and for the formation of an Artificial Pupil; the sight as well as the personal appearance of 11,783 persons has been improved by the operation for squinting. In accordance with the rules of the Hospital its practice has been open to the medical officers of the *public service* and to students desirous of acquiring information in the study of so important a branch of medical science as *ophthalmic diseases*.

The Hospital contains Nine Wards with complete accommodation for Thirty-six In-patients. During the past year 9,808 persons (new cases) were received as patients under the care of the Medical Officers. The number of operations performed on the In-patients were 297, on the Out-patients 816; making a total of 1,113 principal operations.

The amount received for the general support of the Hospital, from every source during the year 1870, was £2,940 0s. 0d., and the sum expended for its support was £1,823 3s. 3¼d., in which amount is included the sum of £383 8s. 4¾d., being the deficiency of assets to meet the expenses for the year 1869, which liability the Committee have great satisfaction in stating they have been enabled fully to discharge.

The Royal Westminster Ophthalmic Hospital *was the first to set the example of receiving the poor on their own application, without letters of recommendation.* The site of the Institution is one of the most valuable in London, situate in the West Centre, and surrounded by a dense population of the working poor, exposed from their various callings to diseases and accidents of the eye. Its usefulness continues unimpaired, and is not confined to a district or parish, or even to the Metropolis, patients are received from all parts of the United Kingdom. To be poor and afflicted has always been a sufficient recommendation, and the large number who attend, when necessity compels them to seek Medical Aid, shows how much the Hospital is valued by them. The Committee earnestly solicit the aid of the affluent for support, and beg to make an especial appeal to the Manufacturing Firms of the West end, and to the large Employers of labour in the Western Suburbs, whose workshops and works furnish daily a great number of patients to the Hospital.

The Committee of Management report that the Senior Surgeon, Mr. Henry Hancock, in accordance with the rules of the Hospital, has resigned his appointment, which resignation has been accepted. The Committee entertaining a high opinion of his professional abilities sincerely regret his retirement. The Committee of Management through their Chairman tendered the special thanks of the Governors to Mr. Hancock for his past valuable services to the Institution extending over a period of upwards of thirty years. In conformity with the rules the Committee unanimously elected him Consulting Surgeon to the Hospital. A vacancy having occurred in the Office of one of the Surgeons, Mr. Jabez Hogg, many years connected with the Charity, and the Senior Assistant Surgeon, has been elected by the Governors to the vacant appointment, and

Mr. George Cowell has been appointed to the vacant Office of Assistant Surgeon.

The Governors at the Annual Meeting received with much regret a letter from Captain Thomas R. Fowler, R.N., who has taken an active interest in the welfare of the Institution for the past thirty-eight years, tendering his resignation as Auditor, an Honorary Office he has filled with the greatest assiduity for upwards of twenty years, on which the Meeting desired to express to him their unanimous sense of the great services rendered to the Institution by his constant attention to its interests.

The Committee of Management gratefully acknowledge the following Legacies: £200 from the late Mr. Alexander Robb, £105 from the late Mr. William Macrorie, and a Share of the Residue of the Estate of the late Lord Seymour, bequeathed to the "Hospices de Londre," amounting to £482. The Committee desire also to acknowledge with grateful thanks the sum of £1,000, being a second Munificent Contribution to the Hospital, from the Anonymous donor W.R.T., and also the sum of £100, from F. A. Schroeter, Esq., being a Gift in memory of his son Frederick Emil Schroeter, deceased. In concluding their Report the Committee of Management tender their sincere thanks to the Medical Officers for their valuable services and kind attention to the Patients, and also their cordial thanks to the Ladies' Committee, for their co-operation in carrying out and directing the domestic affairs of the Institution; at their last Meeting they reported the Wards to be in good order.

Donations of Fifty Pounds and upwards, by the Rules of the Institution, may be placed to the account of the Inalienable Fund, or applied to the general purposes of the Hospital, as the Committee of Management shall think fit, unless it is otherwise directed. A subscription of One or Two Guineas a year constitutes an Annual, and a Donation of Ten Guineas, a Life Governor.
